INDOOR GOLF
A BETTER LIFE

FOR EVERYONE
FOR A BRIGHTER GAME

Cinema-grade 4K laser projector
PGM self-developed 4-lens high-speed detector
Impact resistant double layer screen
Mirror touchscreen kiosk
Replay camera
2026 latest P8 software system (100+ Chinese courses)
Top-of-the-line engineering computer
Stereo sound system
Artificial grass floor
Professional hitting mat
PGM self-developed 8-way motion swing plate
Automatic Tee up system

HARDWARE ADVANTAGES

Advanced detection, processing, mapping and rendering technologies for a more realistic golf simulatic experience.

01 CHINESE FIRST 4-LENS HIGH-SPEED CAMERA DETECTOR

Captures high-resolution images

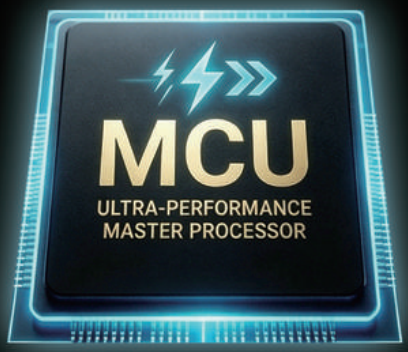

Built-in independent MCU microcomputer

Detection accuracy up to 99%

High-definition imaging improves detection precision.

Traditional high-speed cameras capture images with low resolution, requiring continuous increases in frame rate. This involves capturing a large number of images and then slowly selecting and processing them, wasting significant processor resources.

02 BUILT-IN INDEPENDENT MCU MICROCOMPUTER

Focuses on processing image data

Faster, more stable, and more accurate

Traditional detectors rely on computer CPUs to process image data. If the computer CPU is under high load, data loss can easily occur.

03 DJI CENTIMETER-LEVEL DRONE SCANNING MODELING

RTK + PPK high-precision technology

Terrain data tolerance ⩽5 cm.

AERIAL SCANNING

HIGH-PRECISION TERRAIN MAPPING

04 UE5 UNREAL ENGINE CREATES 3D COURSE MAPS

Supports up to 8K image output 200+ original designs and models of flowers, plants and trees

COURSE MODE

Explore realistic, fantasy and junior-friendly golf experiences.

01

1:1 SCALE REPLICA OF THE COURSE

- 100+ golf club authorizations
- 100% high-standard course map
- 5 new overseas course maps added monthly

02

ORIGINAL UNDERWATER RUINS 18-HOLE COURSE

Fantasy-themed design creates a fresh and immersive visual golf experience.

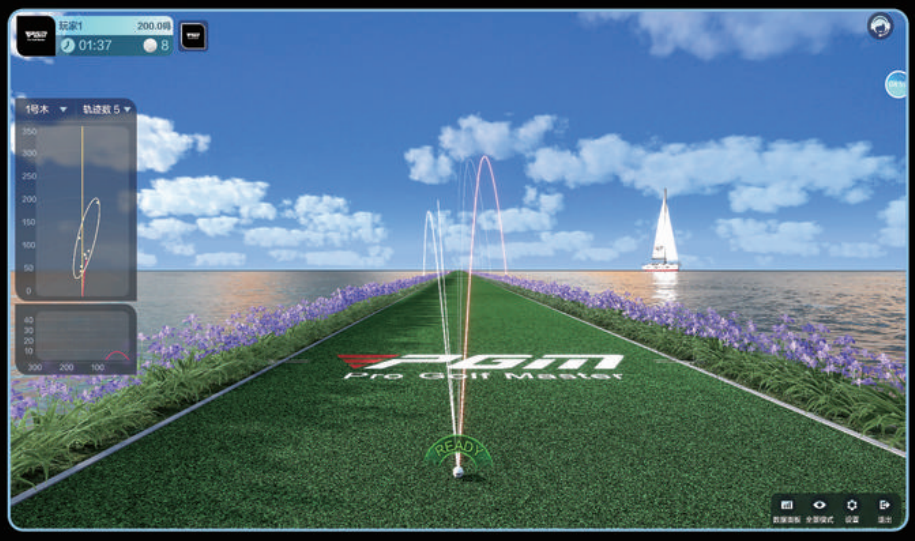

03

18-HOLE JUNIOR COURSE

A child-friendly course full of fun, inspiring young players and creating a happy sports atmosphere.

RANGE MODE

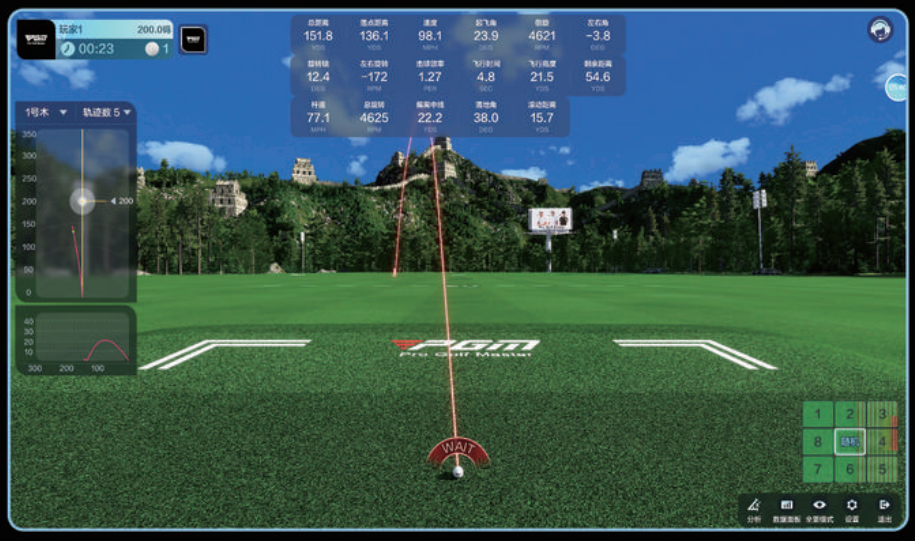

Train with realistic, pressure, slope and futuristic practice experiences.

01

PRESSURE PRACTICE MODE (ADJUSTABLE FAIRWAY WIDTH)

Train for high-pressure straight shots and improve your ability to perform under pressure in real golf rounds.

02

ORIGINAL SLOPE PRACTICE MODE

Used with a motion swing plate, it changes stance angles automatically to recreate the feeling of hitting from real course slopes.

03

CYBERPUNK PRACTICE RANGE

A futuristic sci-fi training scene that makes practice more engaging, immersive and enjoyable.

GAME MODE

Enjoy competitive, casual and distance-based golf mini games.

01

TOGOLE

Each player has 10 balls, and each target has different scores. The farther away the target, the higher the score. The player with the highest total score wins the championship.

02

MATCH 3

Simple Mode, Unlimited shots, used to practice chipping accuracy
Difficult Mode, Challenge the weekly rankings within limited blood volume

03

LONG DRIVE

Complete 6 hits within the specified time, and the player with the furthest distance wins the championship. The player with the least time consumption under the same distance wins the championship.

ONLINEMATCH

Connect, compete and socialize through immersive online golf experiences.

01

PRIVATE SPACE

Create rooms and set passwords
Play golf games with friends/clients anytime

02

STRONG SOCIAL FEATURES

Invite other online players to match, meet more friends while playing games

03

PERSONAL CENTER

Multiple personalized skins to choose from, increasing fun

VIRTUAL COURSES

An Ever-Growing Virtual Course Collection

ACTUAL GAME INTERFACE-HAUNTED CASTLE

ACTUAL GAME INTERFACE-VOLCANIC REALM

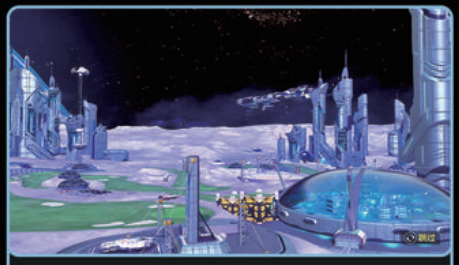

TROPICAL ISLAND

Discover a lost world beneath the sea

P8 SIMULATOR SERIES

Choose the package that best fits your indoor golf experience.

P8 PERFORMANCE PACKAGE

- PGM SELF-DEVELOPED 8-WAY MOTION SWING PLATE
- CINEMA-GRADE 4K LASER PROJECTOR
- PGM self-developed 4-lens high-speed detector
- P8 Genuine System (Permanent Free OTA Updates),
- Automatic Tee up system
- Top-of-the-line engineering computer
- 23.5inch Mirror Touchscreen kiosk
- Stereo Sound System
- Double-Layer impact screen
- Professional Hitting Mat
- Artificial grass floor

PACKAGE PRICE

$19,400

P8 FLAGSHIP VERSION

- CINEMA-GRADE 4K LASER PROJECTOR
- PGM self-developed 4-lens high-speed detector
- P8 Genuine System (Permanent Free OTA Updates),
- Automatic Tee up system
- Top-of-the-line engineering computer
- 23.5inch Mirror Touchscreen kiosk
- Stereo Sound System
- Double-Layer impact screen
- Professional Hitting Mat
- Artificial grass floor

PACKAGE PRICE

$15,100

P8 STANDARD VERSION

- Ultra HD 2K laser projector
- PGM self-developed 4-lens high-speed detector
- P8 Genuine System (Permanent Free OTA Updates),
- Automatic Tee up system
- High spec engineering computer
- 23.5inch Mirror Touchscreen kiosk
- Stereo Sound System
- Double-Layer impact screen
- Professional Hitting Mat
- Artificial grass floor

PACKAGE PRICE

$13,300

WHY CHOOSE PGM

Global installation experience, tailored solutions and reliable long-term support.

CHAPTER 01

GLOBAL APPLICATIONS

GOLF FOR A BETTER TOMORROW

01 | Indoor Golf Clubs

- High-end private clubs equipped with indoor golf simulator, allowing customers to enjoy the fun of golf without leaving home.
- Experience a noble way of leisure, enhance the club's taste, complement dining, and create a leisure scene for high-end clientele.

02 | Schools / Academies / Training Centers

- More and more young people are exposed to golf from an early age, and golf training is rapidly emerging. Intelligent teaching equipment is an important first step.
- Improve teaching efficiency and quality by providing visualized data, save teaching costs with great benefits, customize golf courses for schools, and create more scientific and intelligent modern teaching!

03 | Private Villas

- Create a personal exclusive golf space, easily play golf at home, showcasing noble temperament and a leisure style for successful people
- It can also include karaoke, high-definition cinema, TV, shooting games, and other entertainment functions, with picture and sound quality comparable to cinemas, enjoying a home audiovisual feast without leaving the house.

CHAPTER 02

WHY CHOOSE PGM

PROFESSIONAL RELIABLE LASTING

01 | 20 Years of Golf Expertise

- 20 years of dedicated focus on golf, direct brand operation
- PGM rejects multi-layered distribution channels,breaks away from traditional profiteering,and offers globally unified pricing

02 | Professional pre-sales guidance

- On-site measurement or provide AutoCAD drawings
- Decoration layout guidance and 3D rendering design based on the room dimension
- On-site installation and training services

03 | Comprehensive After-Sales Service

- Signing contract is just the beginning; after-sales service is the true measure of a company's maturity and success.
- Core components come with a 1-year replacement guarantee,a 3-year warranty, and permanent free system upgrades.
- Domestic after-sales response time no more than 1 hour, on-site service no more than 48 hours.

MTKC003

GOLF SIMULATOR SPACE CAPSULE

Premium modular golf simulator cabin
for commercial and private leisure spaces.

PREMIUM
APPEARANCE

ELECTRIC CURTAINS
YOUR PRIVATE SPACE

READY TO USE
JUST POWER ON

MTKCOO3 TECHNICAL HIGHLIGHTS

Integrated design; ready to use upon powering up.

01

SMART SPACE CAPSULE CONCEPT

The innovative modular structure blends technology, architecture and golf lifestyle, creating a unique visual landmark for golf clubs, resorts and commercial spaces.

02

COMPLETE GOLF EXPERIENCE SPACE

Integrated with golf simulator system, lighting, air conditioning, storage and leisure areas, transforming the capsule into a private golf lounge.

03

Motorized curtains can be opened or closed automatically with a simple control, providing instant privacy when needed.

04

CONVENIENT ACCESS

Rain or puddles, it holds up outdoors—ready to use anytime, anywhere.

MTKC001

GOLF SIMULATOR SPACE CAPSULE

Outdoor-ready modular golf architecture for luxury lifestyle spaces.

OUTDOOR-READY STRUCTURE

READY TO USE JUST POWER ON

PRIVATE GOLF EXPERIENCE

PREMIUM STRUCTURE

BUILT FOROUTDOOR LIFESTYLE

01 | BUILT-IN P8 GOLF SIMULATOR

Immersive practice experience with professional simulator system.

02 | REINFORCED STEEL MAIN BODY

Waterproof aluminum exterior panels, wind-resistant, snow-resistant and built for long-term use.

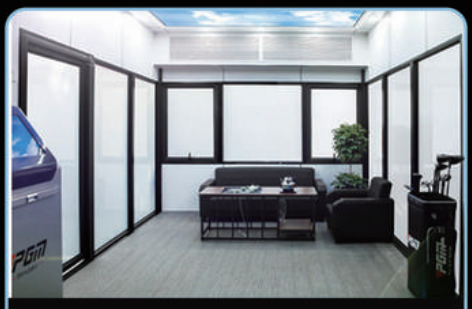

03 | INTELLIGENT FINGERPRINT UNLOCKING

Multiple unlocking methods with enhanced security protection.

04 | SMART DIMMABLE GLASS DOORS & WINDOWS

One-key switch between transparent and frosted, privacy on demand.

05 | FULL SET OF STANDARD FURNITURE

Equipped with air conditioner for all-season comfort.

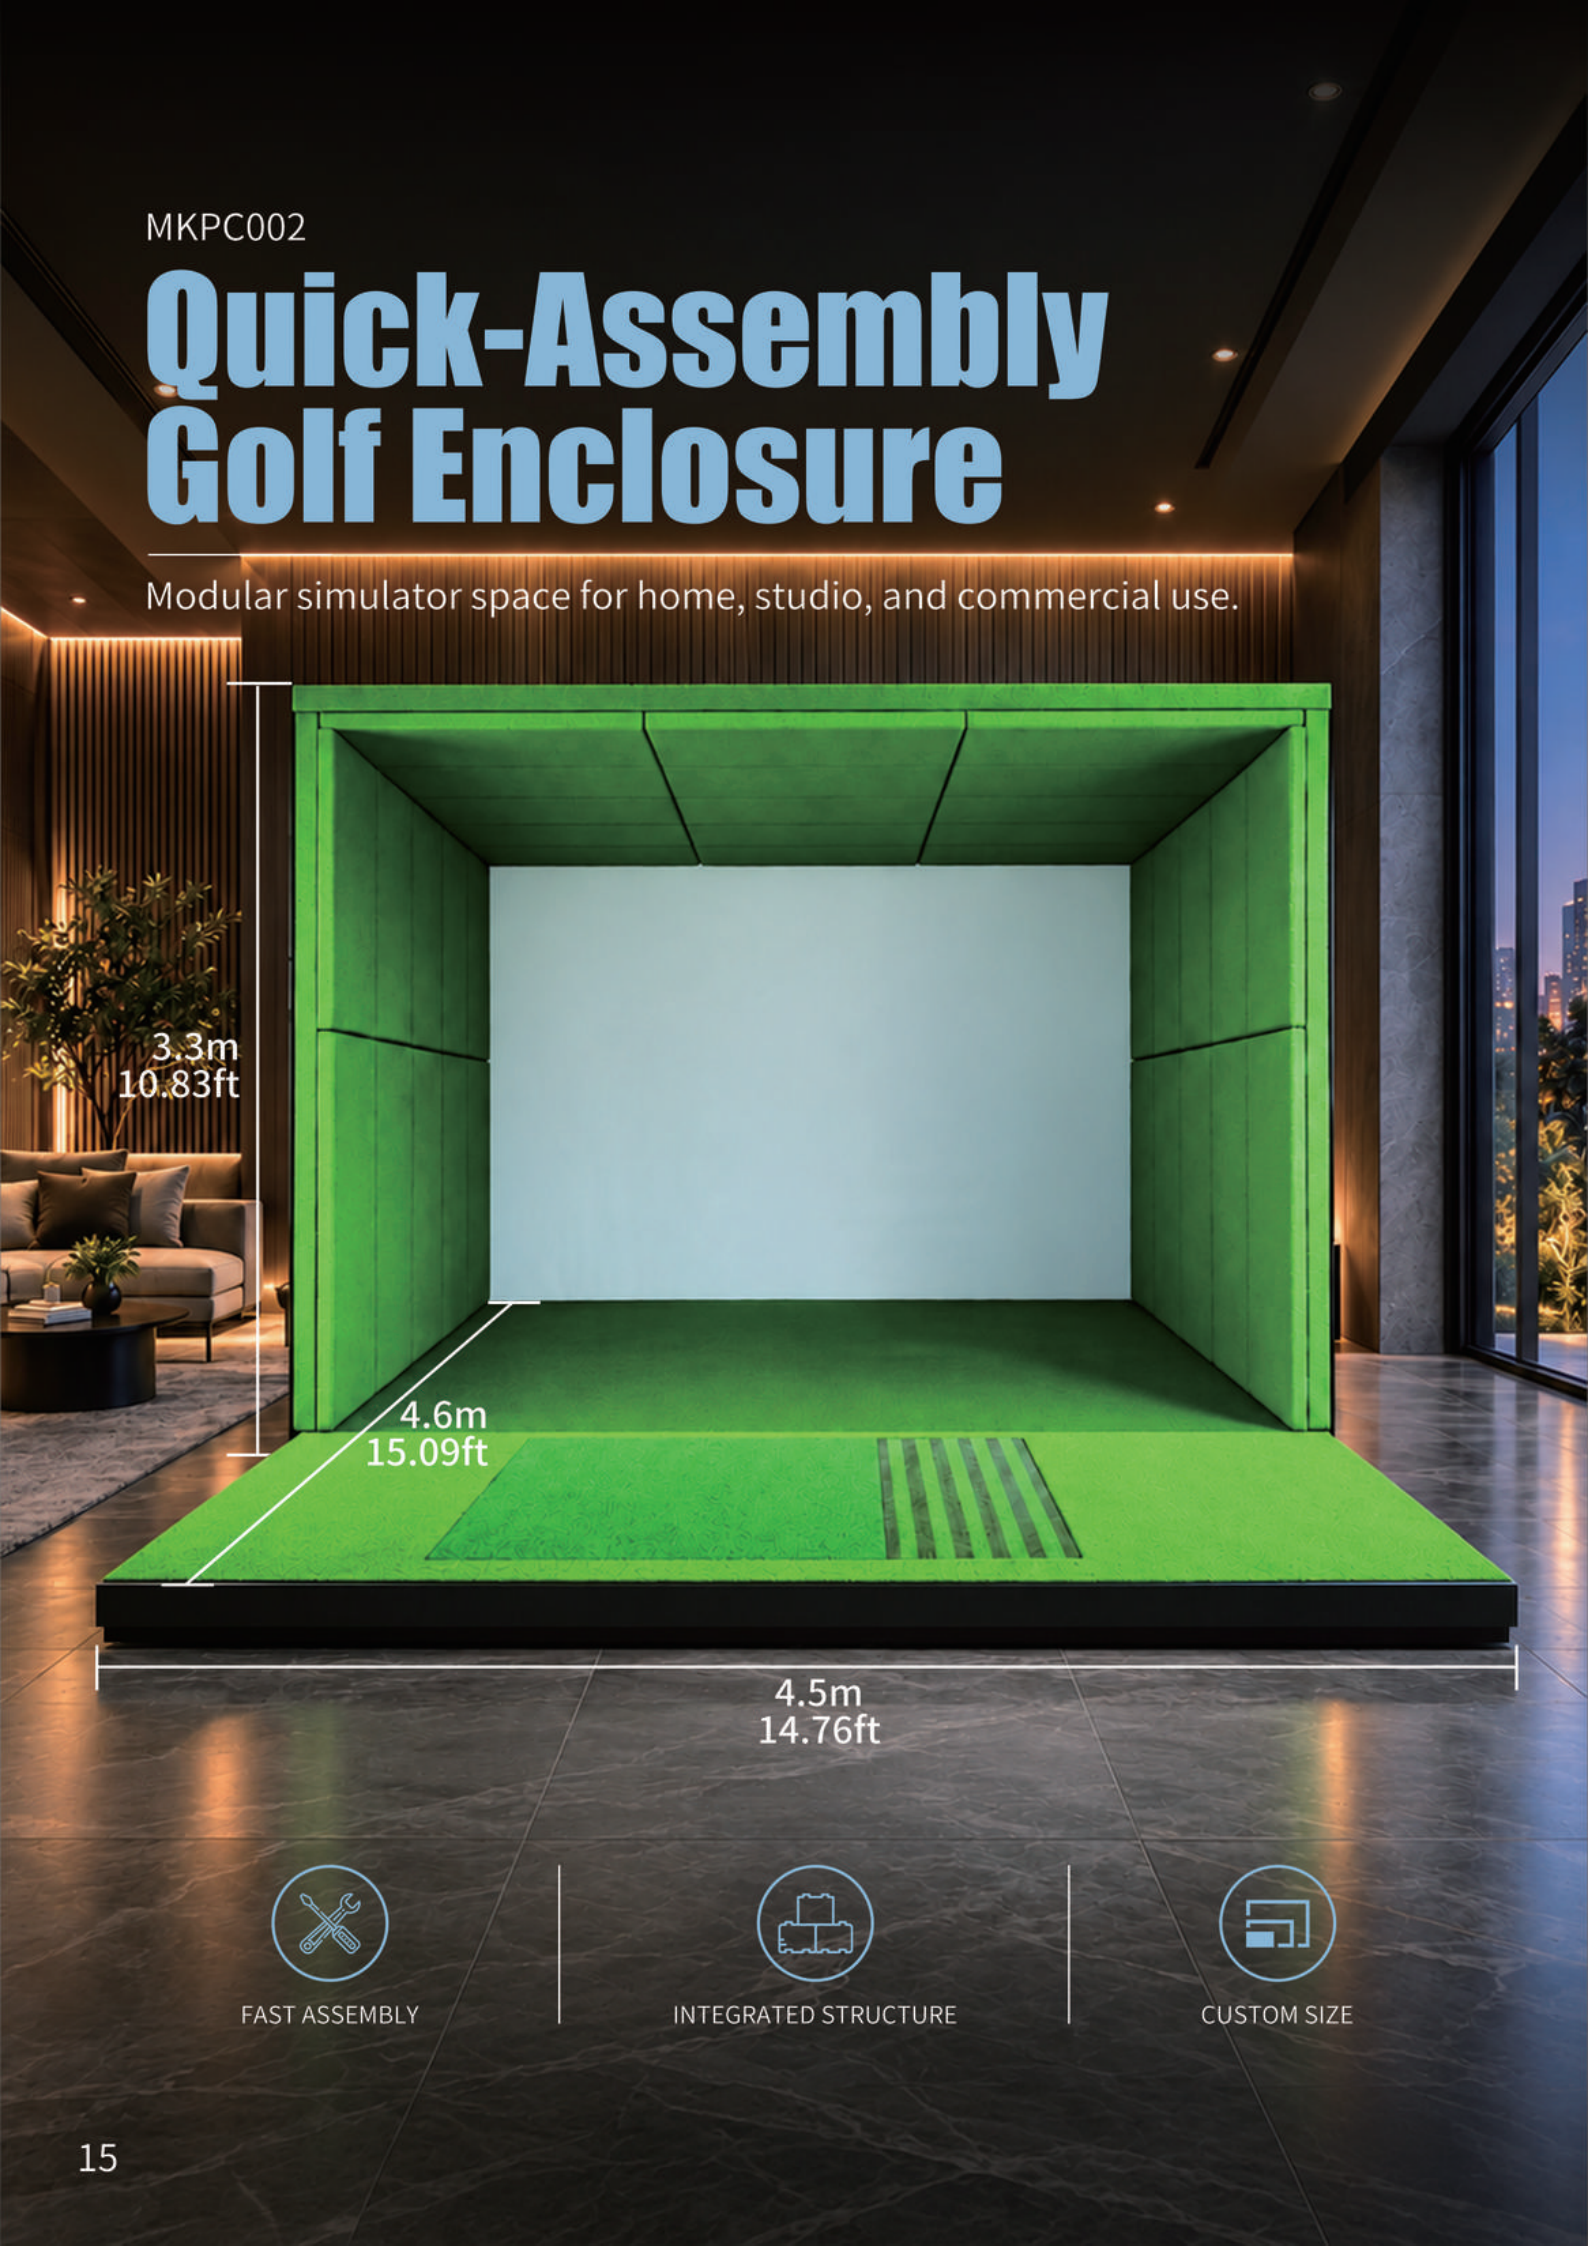

06 | 5CM THICK SOFT PADDING

Anti-bound design for golf balls, safe and durable.

MKPC002

Quick-Assembly Golf Enclosure

Modular simulator space for home, studio, and commercial use.

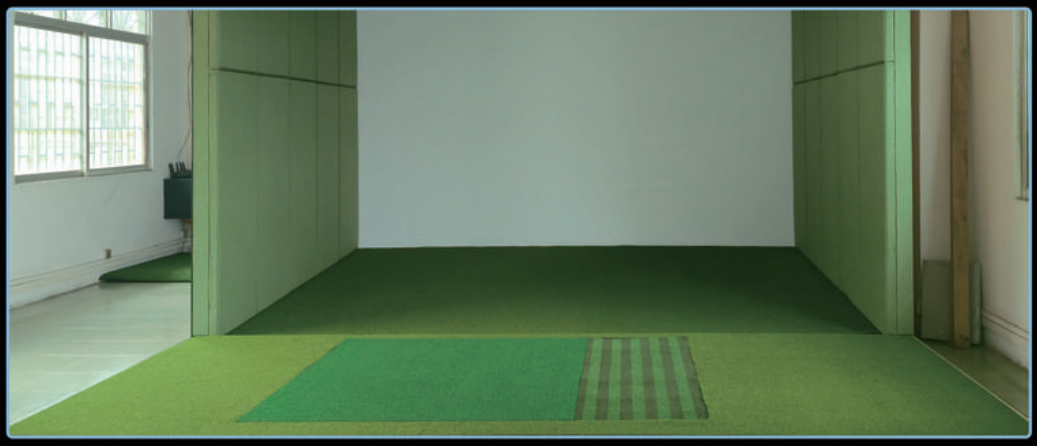

FAST ASSEMBLY

INTEGRATED STRUCTURE

CUSTOM SIZE

MKPCOO2 TECHNICAL HIGHLIGHTS

Modular structure for fast installation and integrated golf simulator spaces.

01

CUSTOM SIZE

Customizable to fit your space; quick to install upon delivery, allowing you to enjoy golf right away.

02

MODULAR WALL STRUCTURE

Stable raised platform with a dedicated hitting mat area for simulator use.

03

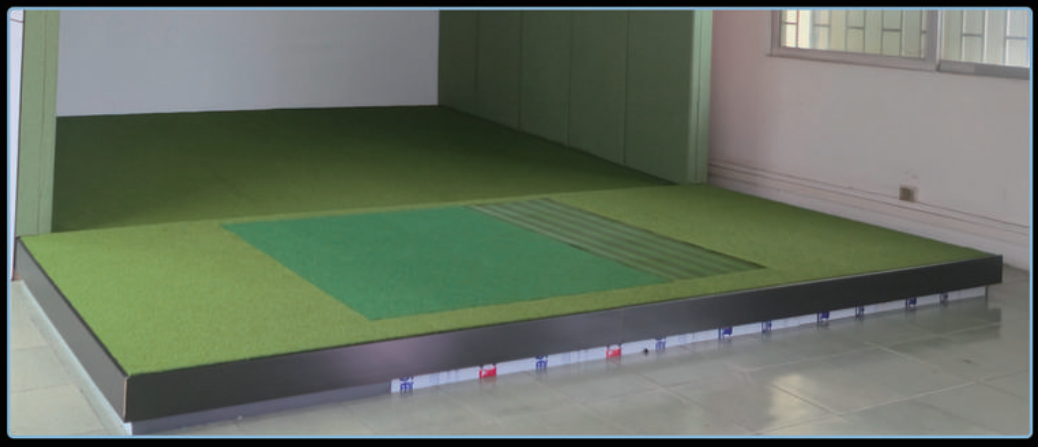

ELASTIC IMPACTING SCREEN MOUNTING

Spring-tension fastening system helps keep the screen secure and evenly stretched.

04

INTEGRATED HITTING ZONE

Can be equipped with an automatic ball return system and a motion platform.

MKPC001

Quick-Assembly Enclosure

Fast-install golf simulator solution for home, studio and commercial use.

MODULAR STRUCTURE

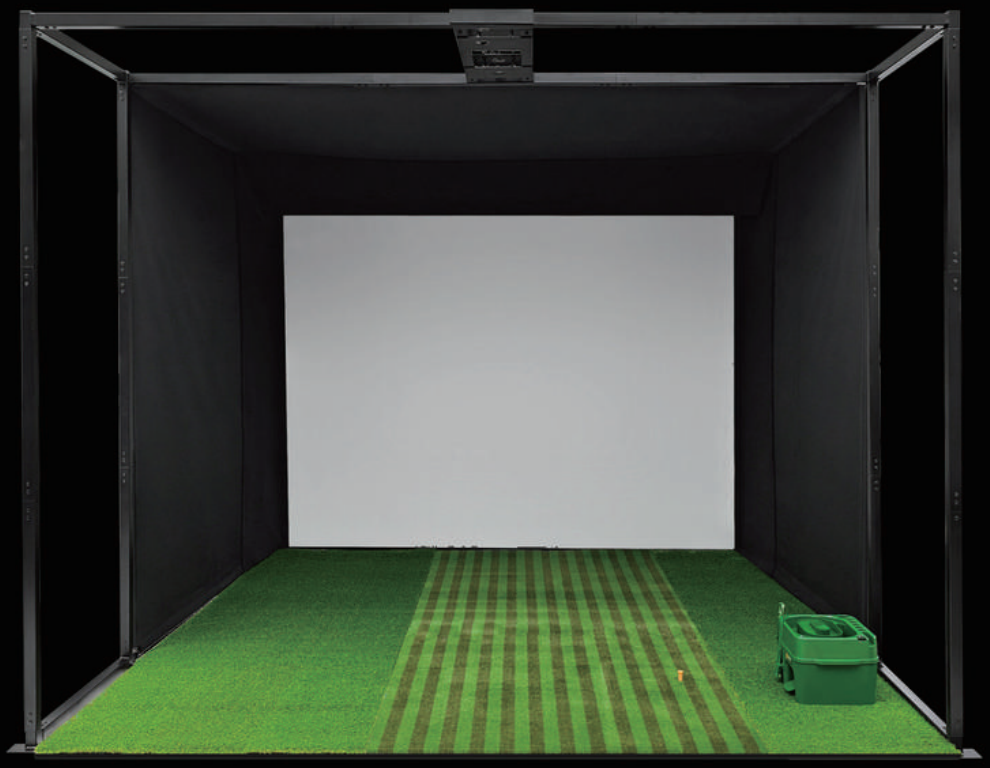

2-HOUR INSTALLATION

CUSTOM DIMENSIONS

MKPC001

MODULAR GOLF SIMULATOR SOLUTION

Engineered for fast installation, flexible deployment and premium indoor golf experiences.

01 2-HOUR FAST INSTALLATION

Modular components reduce on-site construction time and enable rapid assembly.

02 MODULAR STRUCTURE DESIGN

Standardized frame and enclosure parts support relocation, repeat installation and easy maintenance.

03 CUSTOM DIMENSIONS AVAILABLE

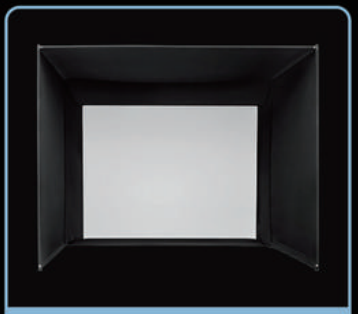

Configurable dimensions make the solution suitable for home, studio and commercial spaces.

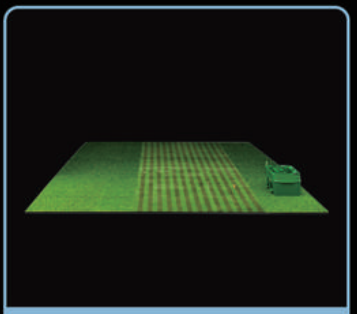

All Accessories

Commercial-Grade Steel Frame

Enclosure and impact screen

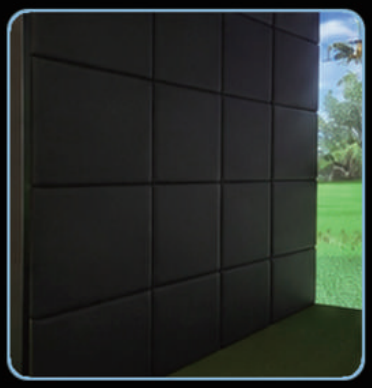

Artificial turf hitting mat

MNQ014

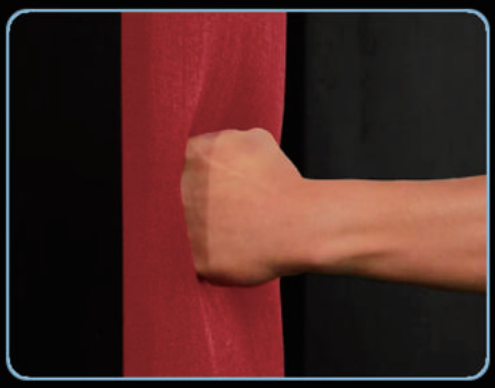

CUSTOM ACOUSTIC PADDING PANELS

CUSTOM SIZE BASED ON SITE DIMENSIONS

PRODUCT OVERVIEW

Custom ballistic wall padding is designed for golf simulator rooms to protect side-wall areas around the screen.Tailored to actual site dimensions, it delivers a neat finish, reliable impact absorption, and a safer, more professional playing environment.

IDEAL APPLICATIONS

- Home golf simulator rooms
- Commercial simulator bays
- Golf teaching studios

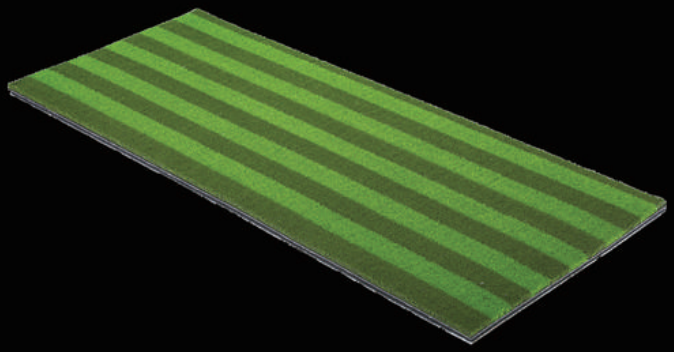

CUSTOM FIT
Made-to-measure for on-site dimensions

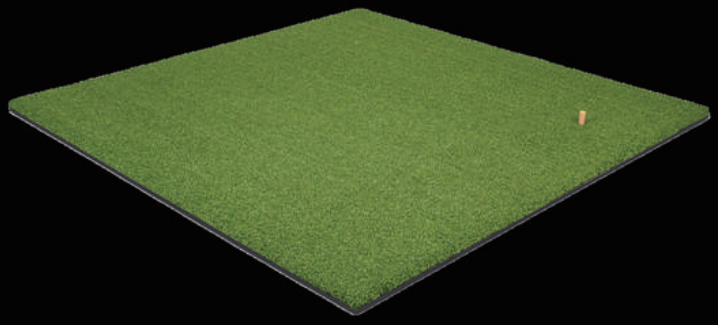

IMPACT PROTECTION
Helps reduce side-wall damage and ball rebound

PREMIUM FINISH
Clean padded look for modern simulator rooms

DJD039 & DJD036 HITTING MATS

Stripe Hitting Mat and Long-Grass Tee Up Hitting Mat

DJD039

Stripe Hitting Mat

- Size: 150x60cm
- Material: NBR base + nylon turf + rubber
- Best for: Swing alignment anddirection training

DJD036

Long-Grass Tee Up Hitting Mat

- Size: 1.5m x 1.5m
- Material: EVA base + PE turf+ 3D adhesive
- Turf Height: Approx. 2.5cm

DJD055 BUNKER & LONG ROUGH HING MAT

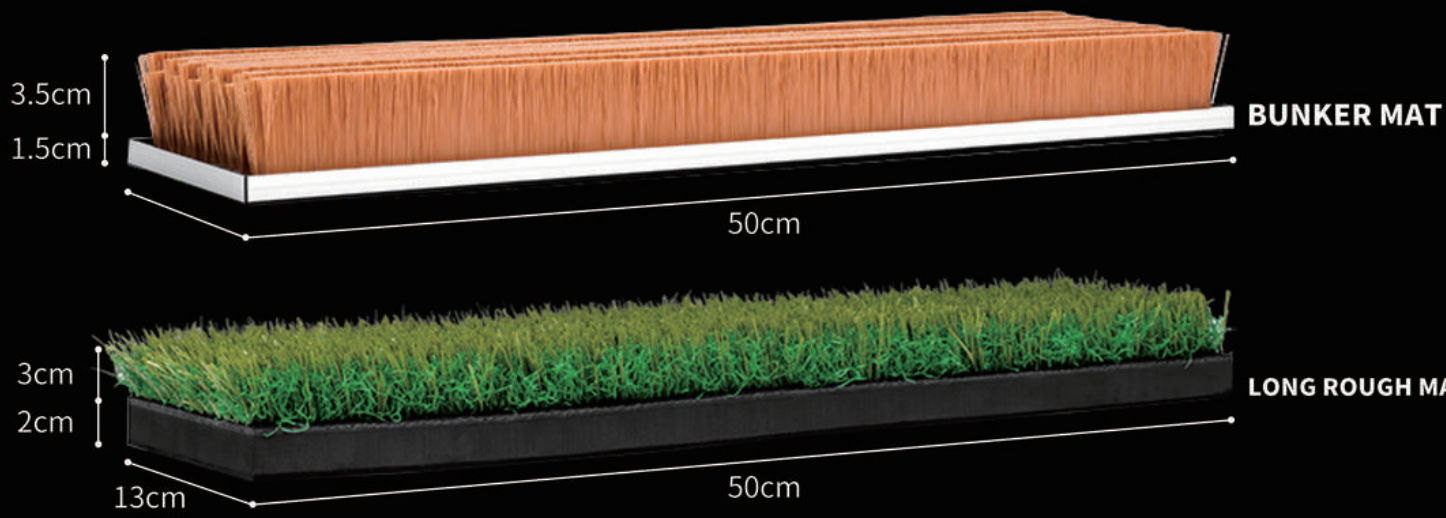

Realistic Recovery Practice for Golf Simulator Training

REALISTIC FEEL

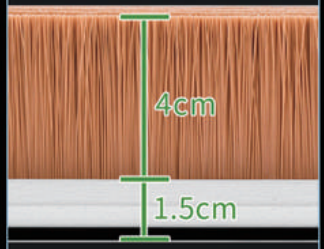

DURABLE MATERIALS

ANTI-SLIP FIXATION

IMPROVE SHORT GAME

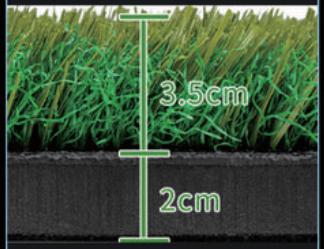

BUNKER - PBT BRUSH FIBER

Soft PBT brush fiber simulates real sand resistance and enhances impact feedback.

LONG ROUGH - DUAL-COLOR NYLON

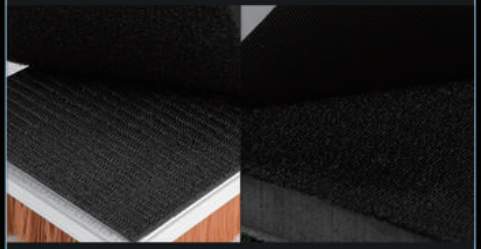

High-density dual-color curly nylon grass simulates deep rough conditions.

HIGH ELASTIC EVA BASE

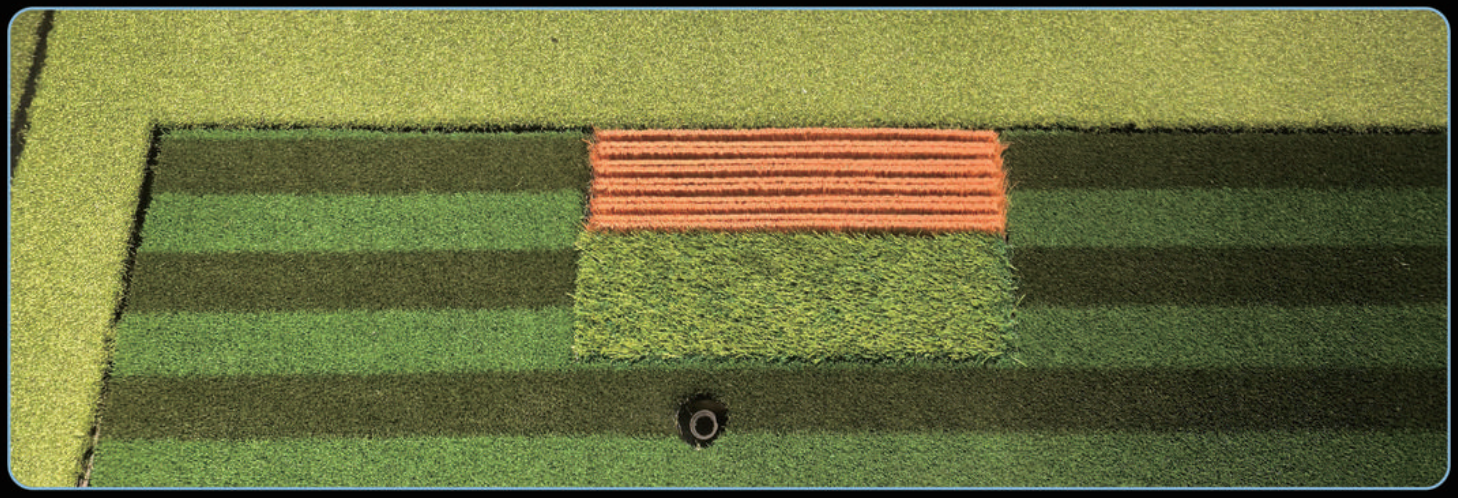

High elastic EVA base reduces impact vibration and ball shock, providing stable support.

MAGIC TAPE & ADHESIVE FIXATION

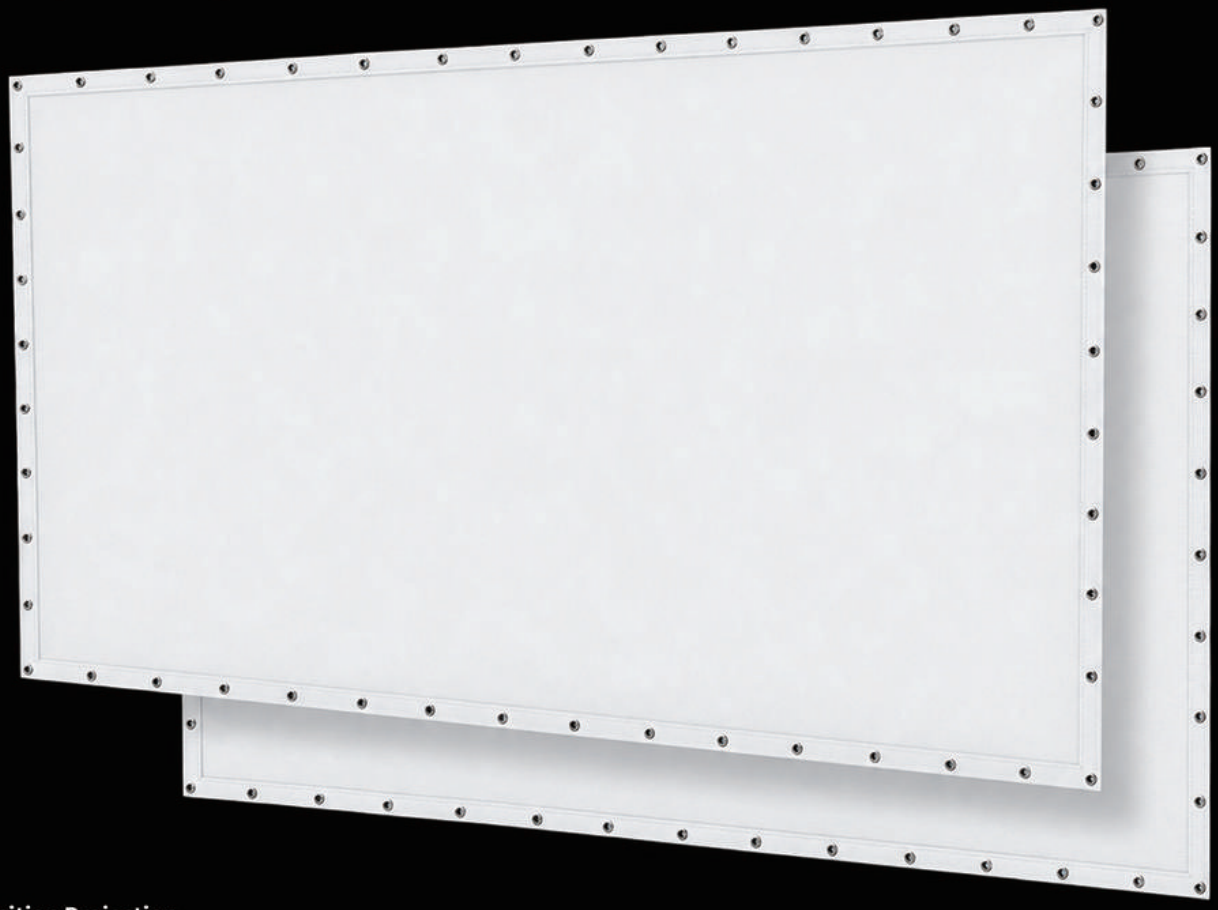

Magic tape for quick connection with simulator platform or floor, adhesive layer for extra stability.

MNQ010

GOLF SIMULATOR IMPACT SCREEN

Built to handle repeated shots with minimal bounce-back, it integrates seamlessly with any simulator.

High-Definition Projection
Bright, vivid image display for imnsive simulation.

Custom Size Available

Height up to 3 m

Custom dimensions to fit your space, suitable for home, studio, and commercial installations.

Low Noise Response
Absorbs impact for a quieter experience

Double-Layer Design
Enhanced durability and impact absorption.

Metal Hook Bar
Flexible installation for different size requirements.

Alloy Spring Hook
Improved tension for a flatter screen surface.

MNQKZT002

ALL-IN-ONE MIRROR TOUCH KIOSK

Smart Control for Golf Simulators

An intuitive all-in-one control console for golf simulators with a mirror display, touch operation, and integrated functions.

KEY BENEFITS

Touch Control
Fast and easy operation

Mirror Display
Clear view with modern look

Retractable Keyboard
Hidden side keyboard design

Built-in Camera
Supports swing observation

MNQHQJ002

AUTOMATIC BALL RETURN SYSTEM

Hands-Free Ball Collection for Uninterrupted Practice

Automatic Ball Return

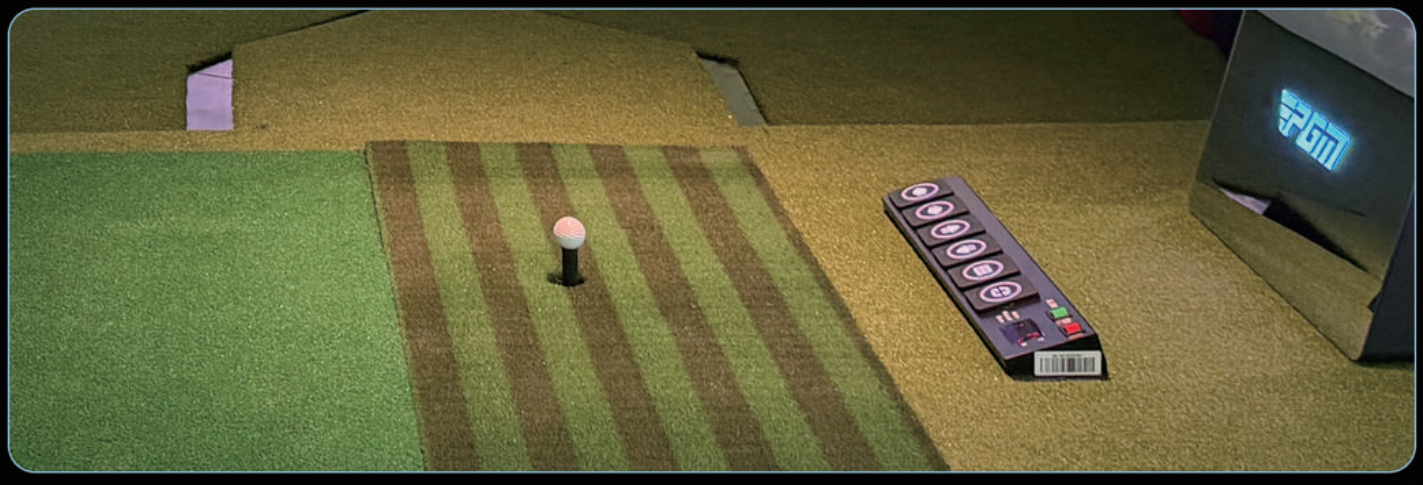

Hands-free collection and return

Smooth Practice Flow

Keep your focus on every shot

EASY TO INSTALL

Plug-and-play setup for quick integration

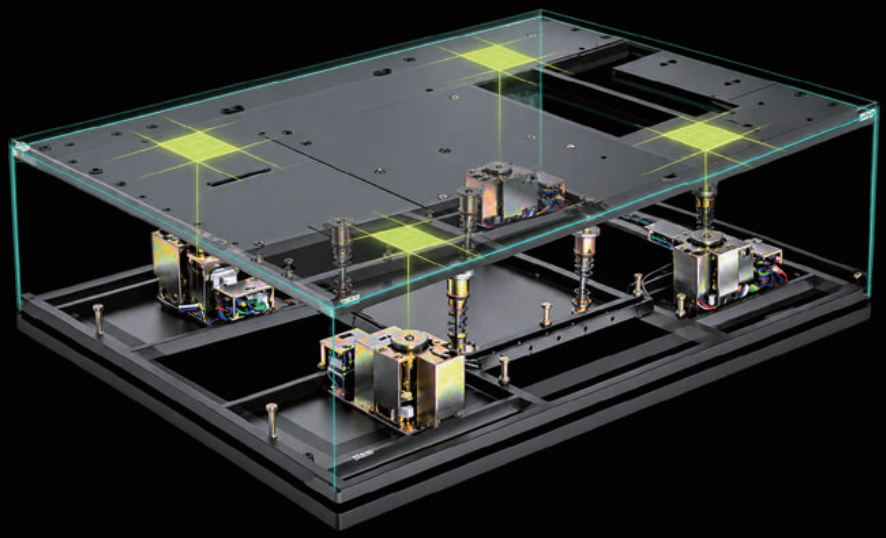

DGPT001

8-WAY MOTION SWING PLAY

Recreate Real Course Terrain and Restore True On-Course Feel

Self-Developed 8-Way Motion Swing Play with Proprietary Slope Training Course

SPECIFICATIONS	
Model:	DGPT001
Size:	1786 x 1291 x190 mm
Weight:	169.5kg
Max Angle:	125mm/7°
Max Load:	350 kg
Power Supply:	230V, 50Hz
Power Consumption:	Standby 30W / Operating 500W
